Full Day dedicated to the arrivals of all guests with different flight times. A welcome drink and a special gift SET will be distributed once at the Hotel.

Airport Transfer is included in shared van, collecting passenger up to their flight arrivals.

Some useful information:

Before the trip:

Once you have chosen your preferred flight (we recommend checking on momondo.com and purchase the ticket directly from the airline's official website), let us know the time/number of your flights to organize your transfer. You can always contact us on booking@luxiocollection.com with your member ID and event booking number.

Buy insurance for your trip (flight, medical care, baggage, etc). It's an excellent idea

Remember to register your trip on ESTA (Electronic Travel Authorization System) at this link: <https://esta.cbp.dhs.gov/>.

Remember to check your passport, it is mandatory to have it at least 6 months before the expiration.

Check your credit card with your bank for use abroad.

If you want to rent a car in California, don't forget to ask in your country for the International driving license.

If you want a room for 4 people, please make sure everyone is a Luxio member first and let us know which hotel. We will provide you with details for your group.

If you want to do something special in Los Angeles and it is not included in our program, you can write to us and we can let you know the costs and feasibility. Remember that we are a Travel Club and we are able to have prices that the individual customer will never be able to have.
